Trustworthy, Precise, Green, Excellence

DONGGUAN  
CHINA

In China, in Dongguan, we are looking for contemporary green and environmentally friendly new energy sources. Hengfeng technology, in the rapid development of today' s city, we bring environmental friendly, energy saving, safe, and convenient plastic coating, making the environment and life better, the sky bluer, the lake clearer, and a prosperous world.

## COMPANY INTRODUCTION

Dongguan Hengfeng Technology Co., Ltd. was founded in China in 2002, specializing in the plastisol dip coating and molding process of the new energy battery's copper/aluminum busbar, conductive copper row, aluminum row, soft copper row (conductive tape), grounding wire terminals (electrical cable lugs), and all other kinds of metal. We not only provide the dip coating and molding solutions but also sell the PVC color paste, PVC plastisol with glossy or linen surfaces, PVC plastisol or powder specific to the new energy copper busbar, PVC sleeves, PVC pipe covers, PVC protective covers, products of PE/PA dip coating, and epoxy resin-based coating powder.

Our products cover alternative fuel vehicles, fitness equipment, medical care, home appliances, microelectronics, and other fields. The company has set up a professional team integrating design, R&D, manufacturing, sales, and after-sales service. For that, we developed and produced advanced automatic machines for dip coating and molding.

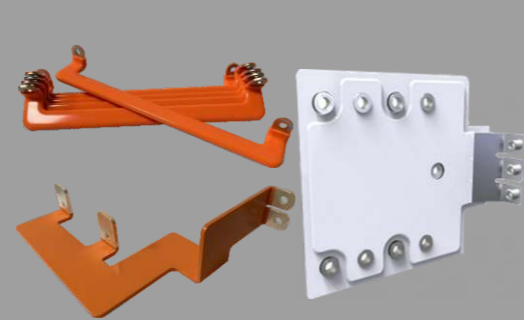

Hengfeng Technology insists on the road of energy saving, environmental protection, and professional development, and is located in Dongguan City, the center of the Pearl River Delta Economic Zone. The company operates on an area of 3,000 square meters and has more than 200 employees, including 20 engineers and technicians. The excellent technical team is constantly developing and innovating the process, and the progress of science and technology makes the products of "Hengfeng Technology" novel in structure and superior in performance, with a high-cost performance advantage. According to the different product needs of customers, we customize product development to provide customers with high-quality products and services.

At present, the main customers of Hengfeng Technology products are Huawei, Tesla, BYD Auto, Great Wall Motor Auto, Dongfeng Motor, SAIC-GM, Toyota, CCL Motors, Sunwoda Electronic Co., Lucky Harvest Co., Dingtong Precision Metal, Huizhou Speed Wireless, Dongguan Tarry, Mindray, Shennan Circuit Company Limited, Lenovo, Star Trac, Rido Health Tech Co., Shenzhen AVIC, NVC Lighting, Gree Electric, Galanz, Midea, Foxconn, Shanghai MuTong Toys Co., Wal-Mart, Reebok, McDonald's, KFC, etc.

Our company has been engaged in the production of raw materials, dipped plastic, and dipped rubber products for more than twenty years and has accumulated rich experience in research and development. We insist on the principles of quality first, reasonable price, sincere cooperation, and customer first; take technical innovation as the soul of the enterprise; and take "customer-oriented, create a brand with quality, and market with service" as the purpose. We strive to provide quality products and services for our customers and cooperate with their needs in all aspects. If our company's products meet your requirements, please feel free to reach out to us!

# Alternative Fuel Vehicle Charge Connect System

Copper Busbar

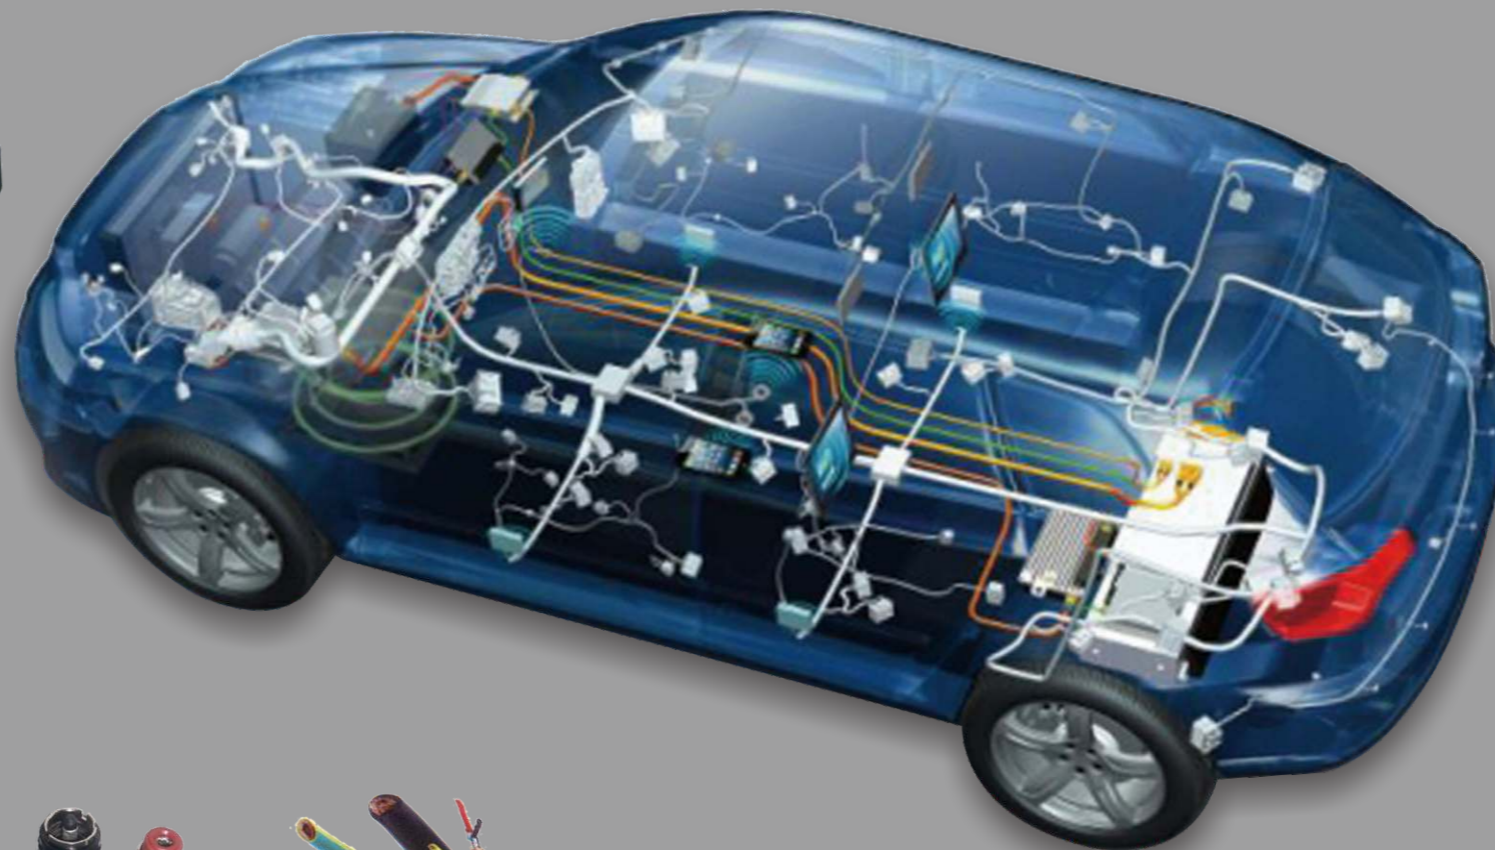

Flexible Connection

Power Distribution Unit

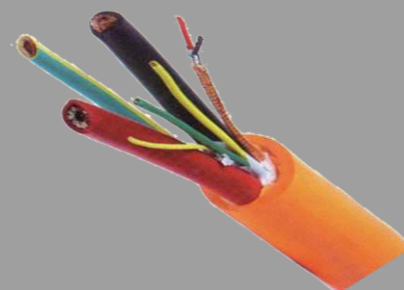

AC/DC Charging Guns

AC/DC Charging Socket for Electric Vehicles

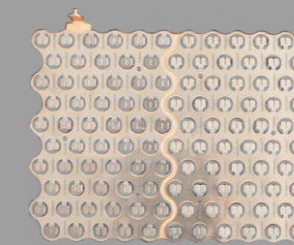

High Voltage Wire Harness

New Energy Cables

Portable Car Charger

Tape

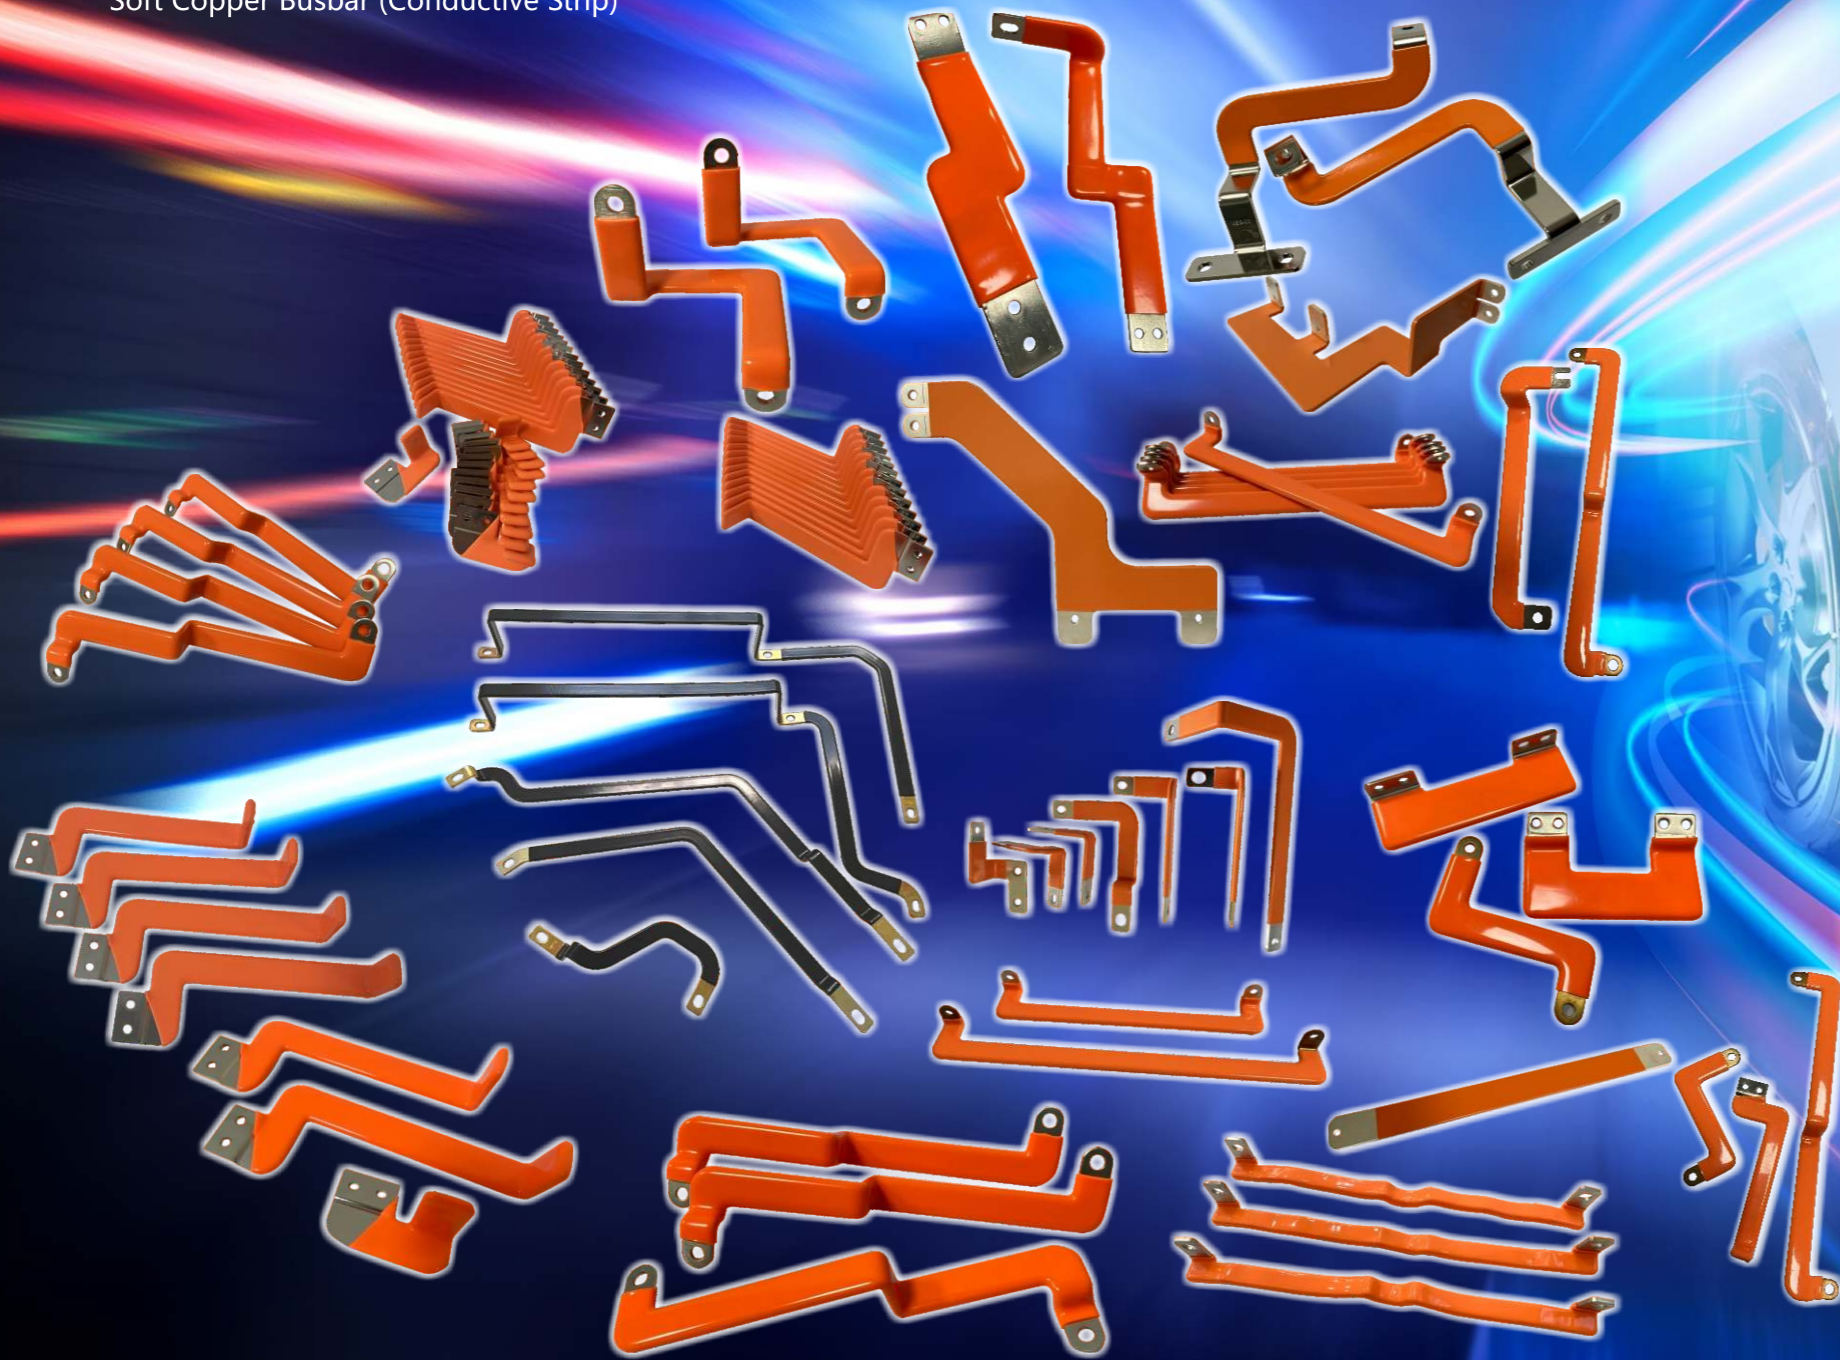

AC/DC Charging Pie

# PVC Dip Coating / Epoxy Resin-based Powder / Spray Coating

## Main Applications:

- New Energy Battery Copper Flexible Connection
- New Energy Battery Aluminum Flexible Connection
- New Energy Copper/Aluminum Busbar
- Soft Copper Busbar (Conductive Strip)

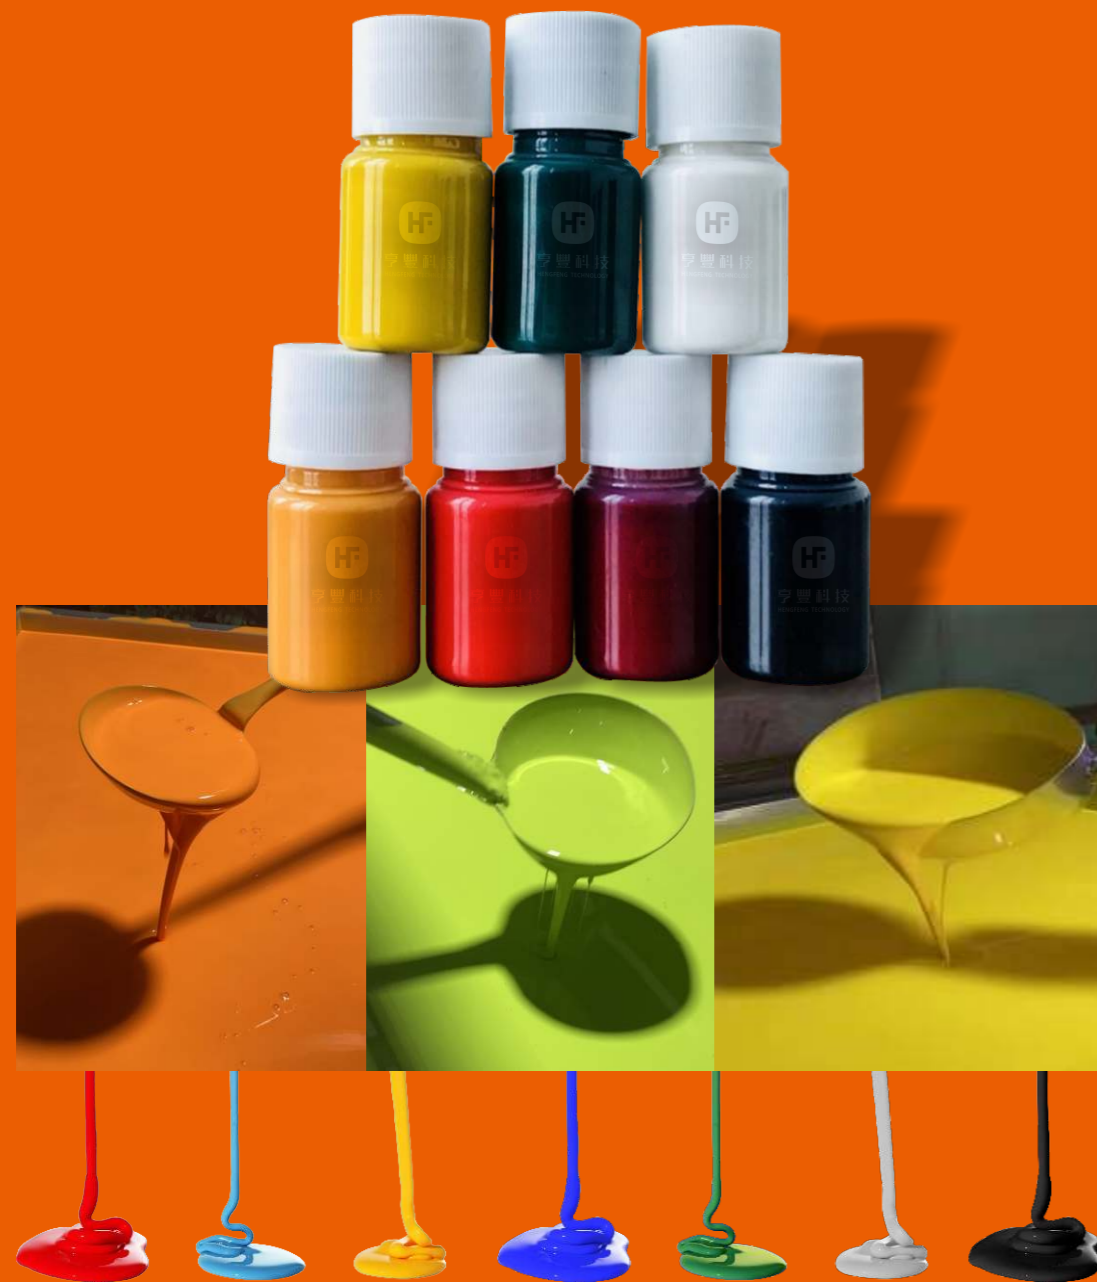

# Sleeves, Protective Covers

Main Applications : Electrical Cable Lugs, etc

## Raw Material Production

- Plastisol specific to the new energy copper busbar
- PVC colour paste
- PVC plastisol with different colours
- PVC flame-retardant insulated sleeves/sheaths
- PE Dip Coating
- PA(Nylon) Dip Coating
- Epoxy Resin-base Powders

## Customers Served by Our Products
